JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 10 July 1967

25X1 1. [] JSW) Delivered to Mr. Robert Michaels for Representative George Mahon a blind unclassified memorandum in response to Mr. Mahon's letter of 21 June. Mr. Michaels was thoroughly familiar with this problem and thought that the Agency's contributions would be very helpful.

25X1 2. [] JSW) On 8 July 1967, [] went to the Hill to brief Senator Russell at the Senator's request. A considerable portion of the briefing involved Africa although there were some questions on the Middle East situation. [] stated he thought the Senator was satisfied with the information furnished. 25X1

25X1 3. [] JSW) Attempted to deliver to Senator McClellan the letter addressed to him signed by the Director dated 7 July. McClellan indicated his desire that I deliver this to the General Counsel of the Subcommittee, Jerome Alderman. Alderman receipted for the letter and looked it over and thought it would be most helpful to the Subcommittee. He did inquire whether we could give him any of the performance characteristics of the Soviet aircraft in the WASHINGTON POST article of 10 July. Later I advised that it would be some 10 days to two weeks before the analysis would be available.

25X1 4. [] JSW) Talked with Representative Lee Hamilton indicating that I was much interested in his report to his constituents concerning his visit to the Agency. I also indicated that I had shown this to the Director who wished me to thank Mr. Hamilton for his interest in the Agency. Hamilton was appreciative and he thought it was a legitimate topic on which to educate his constituents.

25X1 5. [] JSW) Talked to Larry Conrad who showed me the detailed letter that Senator Birch Bayh had put in to Senator Ervin pleading the case for CIA for exemption from S. 1035. Conrad will talk further with Senator Bayh about any further steps to be taken and promised to let me know.
